

Assessment materials for key stage 3

These three packs, one for each of years 7, 8 and 9, contain hundreds of high quality assessment items linked to the work in the SMP Interact key stage 3 books, saving your department weeks of preparation. Each pack contains

photocopiable masters providing • pupils' answer sheets for mental question sessions • assessments for most units in the books • non-calculator assessments

five copies of a **teacher's guide** containing • teacher's scripts and answers for the mental questions • answers to the unit assessments and non-calculator assessments • a national curriculum level for every item

a **CD-ROM** containing • the unit assessments and non-calculator assessments as Word files that you can edit or combine • the masters for the unit assessments and non-calculator assessments as PDF files • the teacher's guide in PDF format (minimum requirements: Adobe Acrobat; Word 2000; Windows 98)

The year 8 and 9 packs are also compatible with the books numbered 2 and 3 in the original SMP Interact.

Set of six A2 full-colour posters (folded to A4)

Based on SMP Interact material these posters are sure to provoke interest, puzzlement and discussion. They include

number grids • the mixed-up table puzzle • the missing link • the mean • the exact values • cross-sections
