

Book FT contents

FM: indicates sections (up to level 6) that address functional mathematics
ISBN 978-0-521-68996-0 with answers; 978-0-521-69430-8 without answers
Order from +44 (0)1223 325588

1 Odds, evens, multiples, factors 8

- A Odd and even numbers level 3 8
- B Divisibility level 3 9
- C Multiples level 4 10
- D Factors level 4 11

2 Mental methods 1 12

- A Place value level 4 12
- B Rounding level 4 13

3 Shapes 15

- A Circles level 3 15
- B Triangles level 4 16
- C Quadrilaterals level 4 18
- D More than four edges level 4 20
- E Shading squares to give reflection symmetry 22

4 Adding and subtracting whole numbers 24

- A Using written and mental methods level 3 24

5 Listing 26

- A Arrangements level 4 26
- B Combined choices level 4 27

6 Multiplying and dividing whole numbers 29

- A Multiplying whole numbers level 4 29
- B Dividing whole numbers level 4 30

Review 1 31

7 Representing data 32

- A Frequency charts and mode (for types of things) level 4 32 FM
- B Dual bar charts 34 FM
- C Pictograms level 4 35 FM
- D Frequency charts and mode (for quantities) level 4 36 FM

8 Fractions 39

- A Recognising fractions level 4 39
- B Finding a fraction of a number 40

9 Decimal places 42

- A One decimal place level 4 42 FM
- B Two decimal places level 4 44 FM
- C Decimal lengths level 4 46 FM

10 Median and range 48

- A Median (for an odd number of data items) 48 FM
- B Median (for any number of data items) 49 FM
- C Range 50 FM
- D Comparing two sets of data 51 FM

11 Mental methods 2 53

- A Multiplying by 10, 100, 1000 53
- B Dividing by 10, 100, 1000 54
- C Multiplying by numbers ending in zeros 54

12 Solids, nets and views 56

- A Solids and nets level 4 56
- B Views 58

13 Weighing 60

- A Grams and kilograms 60 FM
- B Using decimals 61 FM

Review 2 62

14 Time and travel 63

- A Understanding 12-hour and 24-hour clock time level 3 63 FM
- B Time intervals level 3 64 FM
- C Working out starting times level 3 65 FM
- D Timetables level 4 66 FM

15 Angle 68

- A Drawing, measuring and sorting angles level 4 68
- B Turning level 4 71
- C Angles in shapes 72
- D Estimating angles 73

16 Length 75

- A Centimetres and millimetres 75 FM
- B Metres and centimetres 76 FM
- C Kilometres 77 FM

17 Squares and square roots 78

- A Square numbers and square roots level 4 78
- B Using shorthand 79
- C Using a calculator 80

18 Adding and subtracting decimals 81

- A Adding decimals level 4 81
- B Subtracting decimals level 4 82
- C Mixed questions level 4 83

19 Mental methods 3 84

- A Multiplying and dividing by 4 and 5 level 4 84

Review 3 85

20 Number patterns 86

- A Simple patterns level 4 86
- B Further patterns 87

21 Estimating and scales 89

- A Estimating lengths 89 FM
- B Reading and estimating from scales 92 FM
- C Decimal scales 93 FM

22 Multiplying and dividing decimals 96

- A Multiplying a decimal by a whole number 96
- B Dividing a decimal by a whole number 97

23 Area and perimeter 98

- A Shapes on a grid of centimetre squares level 4 98
- B Area of rectangle and right-angled triangle 100
- C Area of a shape made from simpler shapes 102
- D Using decimals 104 FM

24 Probability 108

- A The probability scale 108
- B Equally likely outcomes 110

Review 4 113

25 Enlargement 114

- A Enlargement on squared paper 114
- B Scale factor 115

26 Negative numbers 117

- A Putting temperatures in order 117 FM
- B Temperature changes 119 FM
- C Negative coordinates 120

27 Mean 122

- A Finding the mean of a data set 122 FM
- B Comparing two sets of data 124 FM

28 Starting equations 126

- A Arrow diagrams level 3 126
- B Think of a number level 3 127
- C Number puzzles level 4 128
- D Using letters 128

29 Finding your way 130

- A Using a town plan level 4 130 FM

Review 5 133

30 Volume 134

- A Counting cubes 134

31 Evaluating expressions 136

- A Simple substitution 136
- B Rules for calculation 137
- C Substituting into linear expressions 138
- D Formulas in words 140 FM
- E Formulas without words 142 FM

32 Estimating and calculating with money 144

- A Solving problems without a calculator level 4 144 FM
- B Estimating answers level 4 145 FM
- C Using a calculator level 4 146 FM

33 Capacity 148

- A Litres, millilitres and other metric units 148 FM

34 Drawing and using graphs 150

- A Tables and graphs 150 FM
(linear relationships)
- B Graphs and rules 154 FM

Review 6 158

35 Fractions, decimals and percentages 159

- A Fraction and percentage equivalents level 4 159
- B Fraction and decimal equivalents 161
- C Fraction, decimal and percentage equivalents 162
- D Percentages of a quantity, mentally 163

36 Two-way tables 165

- A Reading tables level 3 165 FM
- B Distance tables level 4 166 FM

37 Scale drawings 168

- A Simple scales 168 FM
(1 cm represents n units)
- B Harder scales 171 FM
(2 cm and 5 cm represents 1 metre)

38 Using percentages 173

- A Percentage bars 173 FM
- B Interpreting pie charts 174 FM
- C Drawing pie charts 176
- D Comparing 177 FM

39 Conversion graphs 179

- A Using a conversion graph 179 FM
- B Drawing a conversion graph 181 FM

Review 7 183
